EDUCATION

MSc in Artificial Intelligence

Ferdowsi University of Mashhad

(2024 – Present)

BA in Computer Engineering

University of Birjand

(2019 – 2023)

EXPERIENCES

Researcher

Pattern Recognition Lab, Ferdowsi University of Mashhad

(Feb 2025 – Present)

Teaching Assistant, Machine Learning

Ferdowsi University of Mashhad

(Feb 2026)

SKILLS

Programming	Python, JavaScript, C++
Frameworks	Django, FastAPI, Langchain, Streamlit
Tools	Linux/Ubuntu, Git, Claude Code, Hugging Face Models
AI	RAG, LLMs, Recommender Systems, Agentic development, Vector Database

PROJECTS & RESEARCH

Expert-Finding & Retrieval System (Master's Thesis)

- Designing a retrieval system for Ferdowsi University of Mashhad utilizing a 3-layer network architecture connecting experts, papers, and keywords.

FUM Research Rules Chatbot

- Designed and developed an AI-powered chatbot to navigate and query Ferdowsi University of Mashhad (FUM) research guidelines and regulations.

Movie Recommender System (Python, FastAPI, Surprise, PostgreSQL)

[GitHub](#) – [Demo](#)

- Built a movie recommender using the SVD algorithm, served via FastAPI.

Letterboxd Crawler (Python, Scrapy)

[GitHub](#)

- Scrapes Letterboxd for movie genres, themes, IMDB IDs, and histogram data.

Barcode Detection (Python, OpenCV)

[GitHub](#)

- Barcode detection using OpenCV; main project for Digital Image Processing (2023).

CERTIFICATIONS

Machine Learning Specialization – Stanford & DeepLearning.AI (Coursera)

[Link](#)

- Supervised Learning, Advanced Learning Algorithms, Unsupervised Learning, Recommenders, Reinforcement Learning

Data Scientist with Python Track – DataCamp

[Link](#)

PostgreSQL for Everybody Specialization – Coursera

[Link](#)

Django for Everybody – University of Michigan (Coursera)
